## **Patel Integrated Logistics Limited plans to go pan India with FreightPILL Mobile App**

**September 04, 2024, Mumbai:** Patel Integrated Logistics Limited (BSE: 526381 & NSE: PATINGLOG), one of the leading logistics and supply chain service providers in India plans to go pan-India with 'FreightPILL' mobile app. This app is already gaining momentum across metros and cities for its seamless digital logistics experience. FreightPILL is an Enterprise Information System software developed by the company to enhance their logistics services and overcome challenges associated with manual operations

The FreightPILL app enables companies to manage end-to-end logistics processes, including shipment booking, generating air waybills and delivery receipts, and real-time shipment tracking. The app centralizes data from all branches into a unified database, ensuring that users have access to accurate, up-to-date information anytime, anywhere. Patel Integrated Logistics Limited is the first ever company to launch integrated app to streamline logistics operations for business pan India in the sector of air cargo consolidation

Commenting on the app's impact, **Mr. Mahesh Fogla, Executive Director at Patel Integrated Logistics Limited**, said, *"The FreightPILL Mobile App represents a significant step in our commitment to enhance customer experience, sustainability and digital innovation. We are already present pan India so extending app services across the country aligns with our strategy to provide real time updates and simplify supply chain management, setting new standard of efficiency."*

Since its launch, FreightPILL has embodied the company's mission to deliver exceptional service and innovative solutions. The app has been instrumental in optimizing logistics processes, reducing operational bottlenecks, and providing businesses with the tools they need to remain competitive in a fast-paced industry

By leveraging technology, Patel Integrated Logistics continues to enhance its service offerings, reinforcing its position as a leader in the logistics sector.
